Dilute with cold water before use as follows:

Dilute 1:256 to 1:128 (1/2 to 1 oz. per gallon) for light duty applications.

Dilute: Dilute 1:64 (2 oz. per gallon) for medium duty applications.

Dilute 1:16 (8 to 16 oz. per gallon) for heavy duty applications.

Rinse empty container after product is used and recycle it.

Material Safety Data Sheet For Eco-Max Scent Free Heavy Duty Cleaner & Degreaser

Health 0

Fire Hazard 0

Reactivity 0

NFPA/HMIS Hazard Codes Minimal=0, Slight-1, Moderate=2, Serious=3, Severe=4

Section 1: Chemical Product And Company Identification:

Product Name: Eco-Max Scent Free Heavy Duty Cleaner & Degreaser

Product Use: Multi-purpose Cleaner and Degreaser

Manufacturer: Prism Chemicals Inc., 1420 Cornwall Rd, #3, Oakville, ON L6J 7W5

Section 2: Composition And Information On Ingredients:

Hazardous Ingredients: None

Section 3: Hazards Identification

Routes Of Entry: Skin contact, eye contact, ingestion

Effects Of Acute Exposure: Skin contact – may cause mild irritation

Eyes-may cause mild irritation

Ingestion-may cause nausea and vomiting

Inhalation-none known

Does not contain any know carcinogens, mutagens or terratogens

Section 4: First Aid Measures

Swallowing: drink large amounts of water or fruit juice. Do not induce vomiting. Call a physician

Skin Contact: wash skin thoroughly with water. Seek medical assistance if skin remains irritated.

Eye Contact: Rinse eyes with large amounts of water for 15 minutes and seek medical attention.

Inhalation: Remove to fresh air.

Section 5: Fire Fighting Measures

No fire or explosion hazard known. Normal fire fighting procedures may be used.

Section 6: Accidental Release Measures

This product is readily biodegradable and non corrosive. For spills or leaks of small volume wash area with water and dispose of product in sewer or drain. For larger volumes use a adsorbent and dispose of according to local, state and federal regulations.

Section 7: Handling & Storage

Handling - Use appropriate hygiene measures and follow directions on label. Do not mix with other chemicals. Avoid contact with eyes. Storage – Keep container closed when not in use. Store away from incompatible material. And keep out of reach or children.

Section 8: Exposure Controls/Personal Protection

Protective gloves – plastic;

Eye protection – safety glasses;

Respiratory Protection – not required with adequate ventilation

Section 9: Physical and Chemical Properties

Scent free aqueous solution with orange food colouring. PH of 9. This product contains 0.25% volatile organic compounds. Has a natural, characteristic odour of vegetable oils.

Section 10: Stability and Reactivity

This product is stable; no incompatibility known. Produces normal products of combustion when exposed to fire.

Section 11: Toxicology Information

Calculated Oral LD50: > 12,000 MG/KG (ORAL RAT)

Aquatic Toxicity:

LC 50 Rainbow Trout > 1,000mg/kg

LC 50 Daphnia > 1,000mg/kg

IC 50 of Micro-organisms > 2ml/L

Section 12: Ecological Information

All active ingredients in this product are derived from readily biodregadable, renewable, sustainable, botanical resources. This product is EcoLogo Certified by the Environment Canada's Environmental Choice Program CCD-147.

Section 13: Disposal Considerations

Dispose of according to local, state and federal regulations.

Section 14: Transport Information

This product is not regulated under DOT or TDG regulations.

Section 15: Regulatory Information

This product is not controlled under WHIMIS.

Section 16: Preparation Data

Prepared by – Prism Chemicals Inc. Date – May 2007
